A new Facebook Online Banking Application

Today there is so much talk about Facebook and other social media websites. In the United States alone, more than 150 million people are active users of Facebook and counting. It has become a common way of communicating and sharing information these days.

We will be introducing a new Facebook Application (App) called **MyMoney**. This new app will allow Facebook users to view account information, transfer between credit union accounts, and see account history. MyMoney uses multiple levels of security to ensure that only you can access your account. In addition to the standard privacy features offered by Facebook, MyMoney uses a built in two-way security system that lets you know you're connected to your account at PFCU.

The Credit Union will be launching MyMoney in May 2010. Please visit the Credit Union's website at www.URmyCU.com and click on the "Find us on Facebook" icon to become a fan of Postal Family CU and for more information about the launch of MyMoney. If you have more questions about MyMoney, please contact Patrick Voegle today.

Financial Checkup

We may have the cure for what's ailing you financially!

We will be conducting financial health checkups! Just complete a small form (just like when you go to the doctor) and tell us about your finances and lifestyle. Once we have received your Financial Health Card, we will then assess your financial condition and help you set reachable financial goals. We may be able to help you reduce your loan payments or interest rates and even help you start a savings plan.

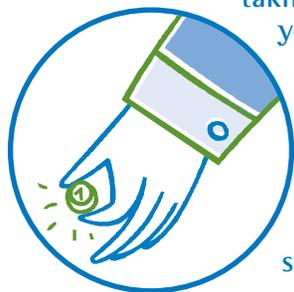

We will begin sending out the Financial Health Cards this month for you to complete and return to the Credit Union. The Financial Health Card will also be available to download via our website at www.URmyCU.com and through Web/PAL or you can also get one at any of our branch offices. If you have a family member or co-worker who is interested in having a financial checkup and is not already a credit union member, be sure and let us know so we can send them a membership packet and a Financial Health Card.

Register to Receive E-Mails from PFCU

Can You Spare Some Change?

The Cincinnati office of PFCU has again adopted a class at Oylar Elementary School for Christmas. We are now taking donations at our office. When you visit the office just watch for the jars that have "Can you spare some change" written on them. We are also selling all types of small teddy bears; profit will go into our Christmas Fund. We are hoping to again make this an extra special Christmas for the children.

Last year we had great participation from our members. We hope we can expect the same this year, without your help we could not make it happen. Watch future newsletters for additional details.

Refeathering Your Nest? We Can Help

Is this the year to take spring-cleaning one step further and tackle those home improvement projects? Investing in updates allows you to enjoy your home more now and may increase your home's resale value in the future. Replacing windows, doors, a furnace, or air conditioning with more energy efficient versions can help you save on your utility bills as well.

You will likely get some of your investment back when you sell your home, however the average payback varies.*

As you weigh your options, keep in mind that the Credit Union's interest rates are great. With a home improvement loan from PFCU, you may be able to afford more than you think. We have rates that will help make your dream home a reality. For details, call or stop by the credit union today.

Thinking about buying a Home...Top things to know

1. Start by shoring up your credit.

Since you most likely will need to get a mortgage to buy a house, you must make sure your credit history is as clean as possible. A few months before you start house hunting, get copies of your credit report. Make sure the facts are correct, and fix any problems you discover.

2. Before house hunting, get pre-approved.

Getting pre-approved will save you the grief of looking at houses you can't afford and put you in a better position to make a serious offer when you do find the right house. Not to be confused with pre-qualification, which is based on a cursory review of your finances, pre-approval from a lender is based on your actual income, debt and credit history.

3. If you can't put down the usual 20 percent, you may still qualify for a loan.

Consider FHA Home Financing with down payments as low as 3.5%! Contact our mortgage partners at the Credit Union Mortgage Network for details.
