

A few ways to save \$1,000 before Christmas

Article by: Trinity Debt Management

With Christmas only four months away, take time to review your monthly budget. Potential savings are often hidden within the details of cell phone contracts, utility bills, or insurance costs. Trinity has provided a new online budget that will help you prepare a budget and track spending. By making a few adjustments you will save as much as \$1,000 before Christmas. Here are a few suggestions to help you get started.

Simple Savings

Lower your cell phone bill. Potential savings: \$80 Look at your cell phone contract for minutes used or costs for text messaging. If you are using less service than you are paying for, switch to a cheaper plan. You could save \$20 a month or \$80 by Christmas.

Eliminate your landline. Potential savings: \$140 By eliminating your landline you can save money and still keep your DSL or internet connection.

Review your insurance costs. Potential savings: \$250 Call your insurance agent and ask for the best rates on your car and home insurance costs. When was the last time you reviewed your policy, you could save money by revising your coverage or rewriting your plan.

Drop the gym. Potential savings: \$150 Keeping a gym membership is costly and can keep you from building savings for Christmas. Take advantage of exercise opportunities outside and keep the money.

Drop premium cable channels – or drop cable altogether. Potential savings: \$50 – \$600 Consider costs for cable and the high rates for premium channels. Having basic cable will save you money and help you build savings. If you are not using the service much, consider having it turned off.

Sell Stuff. Potential earnings: \$400 If you're like most people, you've got clothes you don't wear, CDs you don't listen to, books you don't read, DVDs you don't watch, or furniture you don't sit in. Sell these items at a con-

signment shop or online at eBay or craigslist or have a yard sale.

Save on Food. Potential savings: \$300 If you are not tracking food expenses monthly you are likely spending more than you know. Having estimated grocery expenses will help you create savings. Take time over the next few weeks to track grocery expenses and use coupons to save. Remember to eat at home or pack your lunch. Going out to eat adds up every month.

Carry only cash: Potential savings: \$250 Carry only cash – no plastic. It will result in significant savings. Carrying cash will help you avoid using credit cards. And spending our own money tends to slow down spending.

If you need help preparing a budget call a Trinity Counselor or review our online budgeting worksheets available from the Trinity website.

Financial Health Checkups!

When was the last time you had yours?

Is a high interest credit card payment smothering you? Worried about your credit score? Can't seem to save any money?

The Credit Union is currently conducting Financial Health Checkups. We will have you complete a small form (just like when you go to the doctor). Tell us about your finances, your lifestyle, and what your financial goals are. Once you have completed the checkup form and return it to the Credit Union, we will assess your financial condition and make a plan to help you reach your goals.

Every member who completes the Financial Health Checkup will be entered into a drawing for a chance to win one of two \$250.00 Visa® Gift Cards. All Financial Health Checkup forms must be completed and postmarked by October 29, 2010 to be eligible for contest. For more information and complete details on the Financial Health Checkup, please contact Patrick Voegelé today.

Is 100% Financing on Home Lending still available?

The answer is YES. Even with banks cutting back the amount of money you can borrow, it is good to know that buying a house can still be accomplished with a ZERO down payment. Postal Family Credit Union has access to home loan programs that can fit your current financial needs and we'll give our members availability to these programs at the most competitive rates.

USDA Rural Development, also known as RD, is a program that may qualify you for up to 102% financing of your appraised value. This applies to whether you are looking to purchase a new home or refinance your current RD loan to get a lower rate. One great benefit is NO monthly mortgage insurance is required on this type of loan.

Home Financing in Rural Areas

USDA provides homeownership opportunities to rural Americans, as well as programs for home renovation and repair. To see if your property is eligible and for more information visit the USDA website at www.usda.gov or call one of our professionals at Credit Union Mortgage Network 513-762-1692.

Credit Union Mortgage Network specializes in 1st Time Home Buyer, Rural Development, FHA, VA and Conventional Lending and will work with you to pre-qualify you or someone you know for the type of loan to suit your needs.

Can You Spare Some Change?

The Cincinnati office of PFCU has again adopted a class at Oylar Elementary School for Christmas. We are now taking donations at our office. When you visit the office just watch for the jars that have "Can you spare some change" written on them. We are also selling all types of small teddy bears; profit will go into our Christmas Fund. We are hoping to again make this an extra special Christmas for the children.

Last year we had great participation from our members. We hope we can expect the same this year, without your help we could not make it happen. Watch future newsletters for additional details.
